 Incheon/Seoul, Korea  (+82)10-4539-0237

## EDUCATION

<b>Inha University, Incheon</b>	Mar 2019 - Feb 2023 (expected)
Bachelor of Engineering - Computer Science Engineering	
Bachelor of Information Analysis (Interdisciplinary major with Statistics)	3.88 / 4.5 (current)

## SKILLS

<b>Languages</b>	Korean (Native), English (Intermediate)
<b>Programming</b>	C++, Python, Linux, SQL
<b>Data Science</b>	Pandas, Numpy, Sci-kit Learn, PyTorch, Tensorflow, Recommender System

## WORK EXPERIENCE

<b>Head Teaching Assistant</b> , Inha Univ	
GED6003 : Computational Thinking and Data Analytics for Beginners	Mar 2021 - Present
GED6004 : Block Programming and Basic Artificial Intelligence	Mar 2021 - Present
AIE1002 : Object-Oriented Programming 2	Sep 2021 - Dec 2021
<b>Teaching Assistant</b> , Inha Univ	
GEG3073 : Creative Thinking and Software	Sep 2020 - Dec 2020
GEG3074 : Creative Thinking and Advanced Software	

## TECHNICAL ABILITY

<b>Data/ML Engineering</b>	
1) InBig Project2021 : Tourist Prediction with COVID-19	Sep 2021 - Nov 2021
- Tourist distribution and COVID-19 confirmed cases visualization	
- Tourist prediction model engineering	
2) V.O.T.E : Vote and politicians' information service	Mar 2021 - June 2021
- Build data ETL pipeline & DBA (Python + MySQL)	
- Build data transfer API	
- GCP environment setting (co-admin)	
3) ComeHere : College student group buying application	Jan 2021 - Jan 2021
- Firebase DBA	
4) Medipush : Medicine information service (patients and pharmacists)	Aug 2020 - Oct 2020
- Build data ETL pipeline & DBA (Python + MongoDB)	
<b>Leadership</b>	
- V.O.T.E / ComeHere / Medipush Project Team Lead	
- Representative of Inha University Computer Science Engineering	

## ACTIVITIES

<b>BoostCamp AI Tech 3rd, NAVER</b>	Jan 2022 - June 2022
RecSys Track	
<b>CLOVA AI Rush 2021, NAVER</b>	May 2021 - July 2021
Round 1 - 13rd (Abuse detection through user keyboard, mouse logs)	
Round 2 - 9th (Music recommendation using play logs and metadata)	
<b>BoostCourse Suppoters, NAVER Connect</b>	Jan 2021 - Feb 2021
Suppoters 3rd - Kotlin
